PROFILE

Passionate Frontend Developer with approximately one year of hands-on experience in building responsive and user-friendly web applications. Proficient in the MERN stack (**MongoDB, Express.js, React.js, Node.js**), along with strong skills in **HTML, CSS, and JavaScript**. Experienced in working with **RESTful APIs** and implementing **authentication** mechanisms to deliver secure and scalable solutions.

Proven ability to contribute across both **frontend** and **backend development**, with a focus on creating robust, high-performance, and engaging digital experiences. Adaptable and driven, with a keen interest in continuous learning and a strong commitment to contributing effectively within collaborative, fast-paced development teams.

SKILLS

- HTML	- CSS	- Javascript	- TailwindCSS
- MongoDB	- Express.js	- React.js	- Node.js
- Git	- Gitlab	- Next.js	- Webflow

PROFESSIONAL EXPERIENCE

White Orange Software

12/2024 – present | Surat, India

Frontend Developer Intern

Designed and developed responsive web interfaces using **HTML, CSS, JavaScript, and React.js**. Built custom email templates with **MJML** and developed client-specific websites in **Webflow**. Collaborated with teams to deliver multiple live projects with a focus on client requirements and user-centric design.

Zidio Development

07/2024 – 08/2024

FullStack Developer Intern

Developed full-stack web applications using the MERN stack, contributing to both frontend and backend development. Built **RESTful APIs**, managed **MongoDB** databases, implemented **user authentication**, and created responsive interfaces. Delivered a Car Rental Web Application with user booking features and an owner dashboard for managing rentals and availability.

PROJECTS

Expense Tracker

Developed a **full-stack** finance tracking web app using **MongoDB, Express.js, React.js, and Node.js**. Implemented features for adding and categorizing **income/expenses** with date-based tracking. Integrated dynamic **Pie, Bar, and Line Charts** for real-time financial visualization. Added user profile support with **photo upload** and **auto-generated avatars**.

Book Store App

Built a full-featured e-commerce application using **MongoDB, Express.js, React.js, and Node.js** with **Tailwind CSS** for responsive UI. Developed both **client-side** and **admin dashboard** functionalities. Enabled users to browse books, add to cart, and proceed to checkout. Implemented admin features to add, edit, and delete books.

EDUCATION

B.E. in Computer Engineering

2021 – 2025 | Surat, India

C. K. Pithawala College Of Engineering and Technology
